SUMMARY

Innovative Software Engineering graduate with a strong foundation in programming and creative problem-solving. Dedicated to developing effective technological solutions and eager to contribute to a dynamic team while continuing to grow professionally.

SKILLS

PROFESSIONAL

- Designing
- Software Development
- Adaptability
- Creativity
- Communication
- Technical Solutioning
- Innovative Problem Solving

EDUCATION

SSLC GHSS velliangadu
2019 - 2020

DIPLOMA IN COMPUTER ENGINEERING
Nanjiah Lingammal Polytechnic College
2023 - 2026

WORKING EXPERIENCE

IOT INTERN Gateway Software SolutionsGandhipuram | Coimbatore | 15 Days

- Assisted in the architecture and development of IoT prototypes integrating hardware sensors with software systems.
- Analyzed real-time data transmission protocols to improve smart device communication and efficiency.
- Collaborated with the technical team to troubleshoot circuit connectivity and logic implementations for live projects.

CYBERSECURITY INTERN

Carpediem Tech Innovation | Coimbatore | 15 Days

- Assisted in the implementation of cybersecurity controls to protect systems and network infrastructure from common threats.
- Analyzed network traffic and system logs to identify vulnerabilities, suspicious activities, and potential security breaches.
- Collaborated with the security team to troubleshoot security incidents, misconfigurations, and access control issues in live environments.
